

1st ANNOUNCEMENT

RICE INDUSTRY TOWARDS 100% SSL

The Pacific Sutera Hotel, Kota Kinabalu, Sabah | 28 – 30 September 2015

Background

Rice is a staple food of millions of people in the region of Asian countries including Japan, China and Indian continental. A look into stabilization policies in production and size of planting areas to make sure the reserve of paddy or rice for the whole population are sustainable. Rice as a commodity is very much subject to the environment changes example drought and increasing of the input and cost to plan the paddy with resulted small paddy planter facing very difficult to survive. A policy of towards 100% self sufficiency level (SSL) rice industry in Malaysia, we hope that this conference will address various issues and will also provide opportunities to establish and strengthen international networking with world and renowned scientist, agriculturists, policy makers and agriculture industrial professionals. This conference shall includes oral and poster presentations, exhibitions and post conference tour.

Objective

- To share, discuss and collate knowledge, experience and ideas among policy makers and agriculture industrial professionals in the future challenges of rice industry.
- To generate the ideas through new innovation in rice industry towards 100% SSL.
